

TECHNICAL PRODUCT SPECIFICATION

Issue: 10.10.12  
REV.2

page 1 on 1

Product name: Filler masterbatch  
Product code: **ACNL3100**  
Color: -

TYPICAL PROPERTIES

MASTERBATCH

Carrier:	Recycled Polyethylene
Moisture (%):	< 0.04 (Test method A001)
Ash Residue (%):	80 ± 2 (Test method A003)
Bulk Density (gr/ml):	1.15 ± 0.15 (Test method A008)
Real Density (gr/ml):	1.82 (Test method A008)
Mean Particle size (D50):	2.5 µm

OTHER INFORMATION

Diarylide Free:	YES
Heavy metals Free:	YES (according to European Directive 94/62/CE)
Food Approval:	NO

Ecological compound made of 100% recycled polyethylene

**Handling & Safety:**

In accordance with good industrial practice, handle with care and avoid unnecessary personal contact. Avoid continuous or repetitive breathing of dust. Use only with adequate ventilation. Avoid dust formation and ignition sources. Avoid walking on pellets. Store in a dry place and in the original container, securely closed at temperatures below 30°C. For more detailed information please refer to the material safety data sheet

Quoted test results should not be used for specification purposes but are typical values intended for guidance only.
