

TECHNICAL PRODUCT SPECIFICATION

Issue: 11.04.12  
REV.1

page 1 on 1

Product name: Filler masterbatch  
Product code: **ACNL7201BB**  
Color: -

TYPICAL PROPERTIES

MASTERBATCH

Carrier:	Recycled PP blend
Moisture (%):	< 0.15 (Test method A001)
Calcium Carbonate (%):	82 ± 3 (Test method A003)
Calcium Carbonate D50 (μ):	2
Bulk Density (gr/ml):	1.10 ± 0.15 (Test method A008)
Real Density (gr/ml):	1.76 (Test method A008)
Melting point (°C):	162

OTHER INFORMATION

Pb/Cr Free:	YES
Food Approval:	NO

This masterbatch contains a process aid additive that helps to improve the material dispersion and processing

**Handling & Safety:**

In accordance with good industrial practice, handle with care and avoid unnecessary personal contact. Avoid continuous or repetitive breathing of dust. Use only with adequate ventilation. Avoid dust formation and ignition sources. Avoid walking on pellets. Store in a dry place and in the original container, securely closed at temperatures below 30°C. For more detailed information please refer to the material safety data sheet.

Quoted test results should not be used for specification purposes but are typical values intended for guidance only.
